

BPO MINISTRY OPERATIONS FUND

Will You Invest in the Work Behind the Work?

A challenge to men to help secure the people,
systems, and communication that make BPO ministry
possible.

\$48,000 annual goal • about \$4,000 per month

What are we investing in?

BPO creates relational environments where men hear the Gospel, take the next step toward maturity, and become spiritual leaders for others.

Outreach

relational contexts to hear the Gospel

Discipleship

next steps toward full maturity

Leadership

taking responsibility for another's growth

The heart of the work is formation — not activity for activity's sake.

The visible ministry needs an invisible foundation.

Every appointment, retreat, message, donor update, and ministry conversation depends on faithful operational support.

People

contract labor and coordination

Stewardship

accounting, records, and reporting

Communication

media, email, web, and donor contact

Tools

Zoom, Flocknote, Squarespace, Constant Contact

This is the work behind the work.

\$48,000 secures one year of operations.

The immediate goal is to fully fund BPO–AE so ministry energy can stay focused on people’s hearts.

\$4,000 **approximate monthly need**

**BPO–AE
Annual Goal
\$48,000**

A clear target.
A defined need.
A fundable mission support category.

A team of men can carry this.

No single man has to carry the whole load. But every man can carry a piece of the mission.

$$50 \text{ men} \times \$80/\text{mo} = \$4,000/\text{mo}$$

*The question is not, “Can I do everything?”
The question is, “What faithful part is mine?”*

\$4,000/month

**would essentially fund the full
BPO–AE monthly need.**

Will you become one of the men who makes the ministry possible?

Pray. Choose a monthly commitment. Help secure one year of ministry operations.

The ask

Become part of the BPO—
AE giving team.

Recurring gifts are tax deductible through BPO Intl.,
a 501(c)(3) organization.
